

2018-2021 Instructional Technology Plan - Annually - 2018

I. District LEA Information

Section I - District LEA Information

1. **What is the name of the district administrator responsible for entering the Instructional Technology Plan data?**

Dr. Gail Duffy

2. **What is the title of the district administrator responsible for entering the Instructional Technology Plan data?**

Other (please identify in Question 2a, below)

- 2a. **If 'Other' was selected in Question 2 above, please identify the title.**

Director of Curriculum and Instruction

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

2018-2021 Instructional Technology Plan - Annually - 2018

II. Strategic Technology Planning

Section II - Strategic Technology Planning

1. What is the overall district mission?

The mission of the Public Schools of the Tarrytowns is to empower students to make informed choices and assume responsibility for their own actions as they become self-directed, lifelong learners who are committed and able contributors to a sustainable local and global society. In partnership with our divers community, we promote continuous growth through active engagement in a personalized learning environment characterized by high expectations and academic rigor in a climate of collaboration and mutual respect.

2. What is the vision statement that guides instructional technology use in the district?

Our vision is that students will develop the 21st century skills they need to succeed in a global society. To achieve this, we will build and support a personalized learning environment that is reliable, effective, legal and evolutionary. We will

- Commit to using technology and understand it is central to how we operate
- Establish, maintain, and promote a culture where Information Literacy is central to students' learning experiences in all core subject areas
- Infuse the use of digital media to support literacy in the classroom
- Actively support lifelong learners at all levels within the educational community
- Promote and model digital citizenship and responsibility for all teachers and students to be critical consumers of information

Technology is an integral tool in meeting our teaching and learning expectations as a school community and its use must be integrated district-wide

3. List three goals that will drive the attainment of the vision.

	List Goals
Goal 1	Implement K-12 instruction that is rigorous, challenging and supportive of all students that will prepare students to be successful and reach their potential as learners in a global society. Technology will be used to enhance this learning, provide "anywhere, anytime access" strategies and advance the use of engaging and interactive delivery techniques. Provide professional development for all educators which will enhance/improve their professional practice, increase their knowledge of best practices for Technology Integration, College and Career Readiness and Inquiry-based learning.
Goal 2	Continue to create personalized learning environments which integrate emerging technologies throughout the District curriculum, while keeping our staff and students up to date with the latest technologies. Information Literacy, Digital Citizenship and Internet Safety will be a continued focus.
Goal 3	Continue to update and maintain the District's infrastructure to insure that the network can safely support the District's current and future initiatives. This will include sustainability of the current technologies along with the support of new and emerging technologies.

4. Do you want to list a fourth goal that will drive attainment of the vision?

No

5. Do you want to list a fifth goal that will drive attainment of the vision?

No

6. Summarize the planning process used to develop answers to the Instructional Technology Plan questions and/or your district comprehensive instructional technology plan. Please include the stakeholder groups participating and the outcomes of the instructional technology plan development meetings.

Both the Technology Vertical Team (K-12 teachers) and District Technology Committee (K-12 teachers, administrators) met over the course of the 17/18 school year and summer of 2018 to plan for the creation fo the district instructional technology plan. District office administration was involved throughout the process to provide input into goals and financial plans.

2018-2021 Instructional Technology Plan - Annually - 2018**II. Strategic Technology Planning**

7. Please describe the professional development plan for building the capacity of educators and administrators in the attainment of the instructional technology vision.

Our professional development is committed to nurturing a culture of continuous improvement with a goal of improving professional practice and increasing the learning outcomes for all students, including those with special needs. With guidance from the Director of Curriculum and Instruction and through the efforts of the Technology Department Chair, the Technology Integration Specialist, Technology Teaching Assistants, staff developers, and many teachers who have gained various levels of expertise in using technology to enhance the learning environment, training/support is provided so that teachers develop a vision that is grounded in the understanding that technology is a tool that can offer creating solutions to longstanding teaching and learning problems. They will be supported to use technology to be creative and innovative in planning and implementing their lessons. Staff development is offered through the following formats:

- Superintendent Conference Days and on extended days when teachers are required to attend additional hours for professional learning and collaboration. Our focus has included topics and initiatives such as: Google Apps for Education, SMART notebook, Infinite Campus, and Website design as well as the effective implementation of iPads and Chromebooks.
- Faculty, Department, Team and Collaboration meetings
- Coursework - Completion of a District approved technology learning experience- online, traditional or hybrid models
- Other agencies including: Edith Winthrop Teacher Center, SWBOCES, PNWBOCES, and various universities. Many offerings are provided online and through blended learning initiatives.
- Technology Integration Specialist K-12 , Technology Chairperson 6-12, Technology Assistants (2) are available for technical help and instructional assistance
- Instructional Technology Vertical Team
- Instructional Rounds

8. How will the instructional technology goals be measured and evaluated during and after implementation? Be sure to include any tools or metrics that are part of this evaluation process.**Measurement/Evaluation of Goals**

To insure that the Technology Plan is successful, the TUFSD will conduct an annual review. It is vital for the Technology Plan to be reviewed twice a year. The evaluation of the Technology Plan will be conducted by the District Technology Committee. The Committee will review the goals and objectives of the plan and adjust the Technology Plan based on the current budget situation, advances in technology, and both instructional and administrative needs.

Evidence to be collected to evaluate outcome of goals

To evaluate the current state of the Technology Plan, the following measures will be used:

- Bright Byte Survey
- Interviews/surveys
- Formal and informal evaluations
- Student engagement in the learning process
- Review effectiveness and adequacy of current technology
-

The District Technology Committee will review and adjust our goals and objectives to align with changing District goals and available funding.

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

2018-2021 Instructional Technology Plan - Annually - 2018

III. Action Plan - Goal 1

Section III - Action Plan

Overview: This section requires specific action steps that will be taken in order to achieve each of the goals presented in Section II of the plan. Each goal will have its own page in the plan. For this page, copy Goal #1, which you listed in Section II, Question 3, and respond to all questions below.

1. Goal #1

Goal # 1
 Implement K-12 instruction that is rigorous, challenging and supportive of all students that will prepare students to be successful and reach their potential as learners in a global society. Technology will be used to enhance this learning, provide “anywhere, anytime access” strategies and advance the use of engaging and interactive delivery techniques. Provide professional development for all educators which will enhance/improve their professional practice, increase their knowledge of best practices for Technology Integration, College and Career Readiness and Inquiry-based learning, Information Literacy, Digital Citizenship and Internet Safety will be a continued focus.

2. Select the NYSED goal that best aligns with this district goal.

1. Develop a strategic vision and goals to support student achievement and engagement through the seamless integration of technology into teaching and learning

3. Target Student Population(s). Check all that apply.

- | | |
|---|---|
| <input checked="" type="checkbox"/> All students | <input type="checkbox"/> Migrant students |
| <input type="checkbox"/> Pre-K-2 | <input type="checkbox"/> Homeless students |
| <input type="checkbox"/> Grades 3-5/6 | <input type="checkbox"/> Economically disadvantaged students |
| <input type="checkbox"/> Middle School | <input type="checkbox"/> Students between the ages of 18-21 |
| <input type="checkbox"/> High School | <input type="checkbox"/> Students who are targeted for dropout prevention or credit recovery programs |
| <input type="checkbox"/> Students with Disabilities | <input type="checkbox"/> Other (please identify in Question 3a, below) |
| <input type="checkbox"/> ELL/MLLs | |

4. List the action steps that correspond to Goal #1 from your answer to Question 1, above.

	Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here. Otherwise, please write "N/A."	Anticipated month of completion	Anticipated year of completion	Anticipated cost
Action Step 1	Curriculum	Extend Curriculum writing to cover information literacy, digital citizenship. Inquiry-based learning	Instructional Technology Coach	N/A	June (06)	2020	7700
Action Step 2	Prof		Instr	N/A	Jun	201	none-

2018-2021 Instructional Technology Plan - Annually - 2018

2018-2021 Instructional Technology Plan - Annually - 2018

III. Action Plan - Goal 2

Section III - Action Plan

Copy Goal #2, which you listed in Section II, Question 3, and respond to all questions below.

1. Goal #2

Continue to create personalized learning environments which integrate emerging technologies throughout the District curriculum, while keeping our staff and students up to date with the latest technologies.

2. Select the NYSED goal that best aligns with this district goal.

2. Provide technology-enhanced, culturally- and linguistically-responsive learning environments to support improved teaching and learning

3. Target Student Population(s)

- All students
- Pre-K-2
- Grades 3-5/6
- Middle School
- High School
- Students with Disabilities
- ELL/MLLs
- Migrant students
- Homeless students
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Other (please identify in Question 3a, below)

4. List the action steps that correspond to Goal #2 from your answer to Question 1, above.

Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here. Otherwise, please write "N/A."	Anticipated month of completion	Anticipated year of completion	Anticipated cost
Action Step 1	Curriculum Create, fund and implement Design projects K-12 as part of K-12 digital portfolio	Instructional Technology Coach	N/A	June (06)	2021	90000
Action Step 2	Collaboration Explore creation of Innovation Space	Curriculum and Instruction	N/A	April (04)	2021	200,000

2018-2021 Instructional Technology Plan - Annually - 2018

III. Action Plan - Goal 3

Section III - Action Plan

Copy Goal # 3, which you listed in Section II, Question 3, and respond to all questions below.

1. Goal #3

Continue to update and maintain the District’s infrastructure to insure that the network can safely support the District’s current and future initiatives. This will include sustainability of the current technologies along with the support of new and emerging technologies.

2. Select the NYSED goal that best aligns with this district goal.

3. Increase equitable access to high-quality digital resources and standards-based, technology-rich learning experiences

3. Target Student Population(s)

- All students
- Pre-K-2
- Grades 3-5/6
- Middle School
- High School
- Students with Disabilities
- ELL/MLLs
- Migrant students
- Homeless students
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Other (please identify in Question 3a, below)

4. List the action steps that correspond to Goal #3 from your answer to Question 1, above.

Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here. Otherwise, please write "N/A."	Anticipated month of completion	Anticipated year of completion	Anticipated Cost
Action Step 1	Purchasing Continue purchasing chromebook Carts in order to achieve district goal of 1 cart per classroom	Curriculum and Instruction Leader	N/A	Oct. (10)	2021	350000
Action Step 2	Purchasing Continue to fund Smartboard replacement plan by replacing 30 smartboards	Curriculum and Instruction	N/A	Nov. (11)	2018	130500

2018-2021 Instructional Technology Plan - Annually - 2018

IV. NYSED Initiatives Alignment

Section IV - NYSED Initiatives Alignment

1. **Explain how the district use of instructional technology will serve as a part of comprehensive and sustained effort to support rigorous academic standards attainment and performance improvement for students.**

The mission of the Public Schools of the Tarrytowns is to empower students to make informed choices and assume responsibility for their own actions as they become self-directed, lifelong learners who are committed and able contributors to a sustainable local and global society. Our vision is that students will develop the 21st century skills they need to succeed in a global society. To achieve this, we will build and support a personalized learning environment that is reliable, effective, legal and evolutionary. Instructional technology supports the rigorous curriculum and standards that are in place by enhancing teaching and learning. The use of instructional technology can improve student learning by helping to highlight career and college readiness skills for all students.

2. **Students with disabilities may be served through the use of instructional technology as well as assistive technology devices and services to ensure access to and participation in the general curriculum. Describe how instruction is differentiated using technology to support the individualized learning needs of this student group.**

The district is a strong advocate for the needs of students with disabilities and aims to make equitable access in instruction available to all learners. We provide the same resources to all students, regardless of disabilities. When necessary, special devices are provided to students, or modifications are made to ensure the equity of instruction, materials and assessments. Students have access to chromebooks, notebooks, spelling devices, I pads, speech-to-text software, headsets, FM units, microphones and augmentative communication devices which provide differentiation when needed. Our goal is for every student to participate in the general education curriculum offered in the district. We believe this goal to be attainable with the strategic, purposeful, and creative use of technology.

3. **How does the district utilize technology to address the needs of Students with Disabilities to ensure equitable access to instruction, materials, and assessments? Check all that apply.**

- Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through class website or learning management system).
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Assistive technology is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify in Question 3a, below)

4. **Please select the professional development that will be offered to teachers of Students with Disabilities that will enable them to differentiate learning and to increase their student language and content learning with the use of technology. Check all that apply.**

2018-2021 Instructional Technology Plan - Annually - 2018

IV. NYSED Initiatives Alignment

5. How does the district utilize technology to address the needs of English Language Learners/Multilingual Learners to ensure equitable access to instruction, materials, and assessments? Check all that apply.

- Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through class website or learning management system)
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Home language dictionaries and translation programs are provided through technology.
- Hardware that supports ELL/MLL student learning, such as home-language keyboards, translation pens, and/or interactive whiteboards, is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill, such as through the creation of a product or recording of an oral response.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify, in Question 5a, below)

6. The district's instructional technology plan addresses the needs of English Language Learners/Multilingual learners to ensure equitable access to instruction, materials, and assessments in multiple languages.

Yes

6a. If Yes, check one.

In the 5 most spoken languages in the district

6b. If 'Other' was selected in 6a, above, please explain here.

(No Response)

7. Please select the professional development that will be offered to teachers of English language learners/multilingual learners that will enable them to differentiate learning and to increase their student language and content learning with the use of technology. Check all that apply.

2018-2021 Instructional Technology Plan - Annually - 2018IV. NYSED Initiatives Alignment

8. How does the district use instructional technology to facilitate culturally-responsive instruction and learning environments?

- The district uses instructional technology to strengthen relationships and connections with families to assist in building a culturally responsive learning environment to enhance student learning.
- The district uses instructional technology to facilitate classroom projects that involve the community.
- The district uses instructional technology to develop and organize coherent and relevant units, lessons, and learning tasks that build upon students' cultural backgrounds and experiences.
- The district uses instructional technology to assist in varying teaching approaches to accommodate diverse learning styles and language proficiencies.
- The district uses instructional technology to enable students to communicate and collaborate with students in different schools or districts in New York State, the United States, or with different countries.
- The district uses instructional technology to facilitate collaborative classroom projects among heterogeneous student groups.
- The district does not use instructional technology to facilitate culturally responsive instruction.
- Other (please identify in Question 8a, below)

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

2018-2021 Instructional Technology Plan - Annually - 2018

V. Administrative Management Plan

3. Has the school district provided for the loan of instructional computer hardware to students legally attending nonpublic schools pursuant to Education Law, section 754?

Yes

4. Please indicate whether or not the district has a public website.

The district has a public website.

- 4a. Provide the URL of the district's public website.

www.tufsd.org

5. Please indicate whether or not the district has assigned a specific person with responsibility for Information Security.

Yes

- 5a.

If 'Yes' was selected in Question 5 above, please identify the responsible person's title.

Superintendent

6. Please indicate whether or not the district has assigned a specific person with responsibility for Information Privacy.

Yes

- 6a. If 'Yes' was selected in Question 6 above, please identify the responsible person's title.

Superintendent

7. Has a district-wide information security and/or privacy audit ever been performed in the district?

No

8. Does the school district provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms?

Yes

9. Does the school district provide for educating minors about cyberbullying awareness and response?

Yes

10. Does the district have an Internet Safety Policy?

Yes, and I will provide the URL to the policy.

- 10b. Please provide the URL to the district's Internet Safety Policy.

<https://www.tufsd.org/domain/2052>
